देह शिवा बर मोहि इहै,
शुभ करमन ते कबहूँ ना टरूँ
न डरों अरि सो, जब जाइ लरूँ,
निश्चै कर अपुनी जीत करूँ।
अरू सिख हों आपने ही मन कौ,
इह लालच गुण तउ उचरों।
जब आव की अउध निदान बनै,
अति ही रन मै तब जूझ मरों।
—गुरु गोबिन्द सिंह जी

O Power of Akaal, give me this boon May I never shirk from doing good deeds That I shall not fear when I go into combat. And with determination I will be victorious. That I may teach myself this greed alone, to speak only of Thy (allmighty lord Waheguru) praises. And when the last days of my life come. I may die in the might of the battlefield.
-Guru Gobind Singh Ji

GOOD DEEDS

Saint Soldier PG College for Girls always believe in act of kindness because we help others, promote empathy and compassion, create positive change, bring fulfillment and happiness, inspire others, strengthen communities and leave a lasting impact.

SUCCESS

Success is the fulfillment of one's goals, aspirations, and purpose in a manner that brings personal fulfillment, contributes positively to society and aligns with one's values and principles.

VICTORY

Victory is the achievement of a desired outcome or overcoming obstacles to reach a specific goal, often accompanied by a sense of accomplishment and fulfillment. It signifies a successful outcome in a particular endeavor or challenge.

VISION

Saint Soldier PG College for Girls provides Holistic and Multidisciplinary education to implement recommendation of NEP 2020. The aim of college education will not only be cognitive development, but also building character and well-rounded individuals equipped with the key 21st century skills.

MISSION

Saint Soldier PG College for Girls provides creativity and critical thinking to encourage decision-making and innovation. College focus on Multidisciplinary education (NEP 2020) in order to ensure the unity and integrity.

FROM THE CHAIRMAN'S DESK

I am thrilled and privileged to welcome each and every one of you to the beginning of a new academic session. Saint Soldier PG College for Girls which has very eco-friendly campus and is equipped with state-of-art infrastructure. You will be staying for three to five years with us. As you embark on your journey towards the future, I want you to remember that you are capable of achieving great things and there are no limits to what you can achieve.

As a college chairman, I am proud to see so many young girls pursuing higher education and striving for excellence in their fields. I want to assure you that college is committed to providing you with the best possible education, resources and support to help you reach your full potential.

College provides a holistic and multidisciplinary education system to develop well-rounded individuals in the field of arts, languages, sciences, social sciences and professional, technical and vocational fields.

I encourage you to dream big and aim high. Believe in yourself and your abilities, and don't let anyone tell you that you can't achieve your goals. Always remember that you have the power to make a difference in the world and you can be the change that you want to see.

As you move forward on your journey, I urge you to stay focused, work hard and never give up. Remember that success is not measured by the number of awards or accolades you receive, but by the impact you make in the world and the lives you touch.

I wish you all the very best for your future endeavors, and I look forward to seeing you achieve great things in the years to come.

Ajay Pal Singh

Chairman College Managing Committee
Former Chairman Rajasthan Housing Board

FROM THE TREASURER'S DESK

“Feminism isn't about making women strong. Women are already strong. It's about changing the way the world perceives that strength” - G.D. Anderson

Saint Soldier PG College for Girls, wishes you a future filled with success. As the college treasurer, I would like to extend my warmest congratulations to you on pursuing higher education and taking steps towards a brighter future. We are honored to be a part of a college that is dedicated to provide equal opportunities to all its students, regardless of gender.

We understand that the journey towards your future may seem daunting at times, but we want to assure you that college is committed to providing you with the resources and support you need to succeed. As you navigate your academic journey, we urge you to take advantage of the resources available to you, including academic advisors, mentors and student support services.

In addition, we want to emphasize the importance of financial literacy and setting financial goals for you. Understanding financial management and budgeting will help you make informed decisions in your personal and professional life. Setting clear financial objectives and creating a plan to achieve them is essential for building a solid foundation for your future.

As you move forward, remember that every obstacle is an opportunity to learn and grow. Do not be afraid to seek help or guidance from your professors, mentors or counselors. They are here to support you and provide the resources you need to succeed.

To electrify the abilities of students and staff, the college conducts the curriculum in accordance with National Education Policy 2020. It is not just a matter of acquiring knowledge but learning life skills to lead a way of life, suffused with strong values.

We wish you all the very best for your future and look forward to seeing you achieve great success in your careers.

Jasbir Singh

Treasurer College Managing Committee

Former Chairman Rajasthan Minority Commission

FROM THE PRINCIPAL'S DESK

Dear Students and Parents,

Greetings!

We at Saint Soldier Family strongly believe in a successful implementation of NEP 2020. According to David A. Kolb, learning is the process whereby knowledge is created through the transformation of experience. The NEP 2020 focuses on experiential learning, equity and discovery-based teaching learning methods. The Policy envisages that the curriculum and pedagogy of our institutions must develop among the students a deep sense of respect towards the Fundamental Duties and Constitutional values, bonding with one's country, and a conscious awareness of one's

roles and responsibilities in a changing world. The vision of the Policy is to in still among the learners a deep-rooted pride in being Indian, not only in thought, but also in spirit, intellect, and deeds, as well as to develop knowledge, skills, values, and dispositions that support responsible commitment to human rights, sustain able development and living, and global well-being, thereby reflecting a truly global citizen.

We at our college implement this with the help of peer tutoring as voluntary, fun creative, collaborative, joyful exploratory activities in classroom for experiential learning and deeper student learning. We empower students through flexibility in courses choices and the power of languages. Our endeavour at our college is to provide the platform where our students can take up the opportunity and the challenge to do the things they are capable of and rise to their potential, on all fronts –academics and vocational skills..

We are committed to raise traditional standards of educational possibilities for girls to keep a connect with their identity. We also recognize the need for a global perspective in life to meet the challenges of the 21st Century. I believe in that my role as a facilitator is to guide and nurture the students to establish skills for their holistic development. I am passionate about students being empowered to succeed.

As Principal, I use all tools available to inspire faculty, students and community to work together to promote student achievement and well-being..

To borrow John Hattie's words; "teachers should build classroom climates where errors are welcome, student engagement is the norm, questioning is high and students gain reputations as effective learners."

I enjoy celebrating successes and acknowledge hard work of faculty, students and community and believe this is one of the contributors fundamental to a happy college environment.

Prof. (Dr.) Shubha Sharma

Principal

ABOUT COLLEGE

Saint Soldier P.G College for girls is a reputed college in Jaipur under the parasol of Sri Guru Nanak Dev Satsang Sabha Education Board which runs various educational institutions, where students are equipped with the key of 21ST Century skills. Sri Guru Nanak Dev Satsang Sabha Education Board has three schools affiliated with CBSE/RBSE Boards and a college affiliated to the University of Rajasthan with more than 8000 students.

Saint Soldier P.G College is a pioneer academic college which rears the girls into an individual who is ready to take the world in their stride. The College believes in imparting excellence in holistic education to its students while simultaneously it also focuses on varied facets of career development and promoting Multilingualism and Extensive use of technology as per National Education Policy 2020.

Saint Soldier P.G College has ablest and UGC qualified faculty as the heart of learning process. They are committed to enhance the nature of the teacher-student relationship by enthusiastically involving in counseling, mentoring and self enhancement initiatives. The faculty members are intensely dedicated to develop a quality environment within the college so as to create a link between academia and the corporate world. Thus, thereby provide the students best of both the worlds by sharing their own knowledge and experience. The college is endeavoring towards greatness from 2010. In this excursion of qualification this college empowers students to glide towards splendor, success and constitution values.

It is in fact encouraging to observe that College has cut a name for itself in scholarly and professional fields. Apart from U.G and P.G Courses approved by University of Rajasthan, College offers various Skill Development Certificate Courses, Free Certificate Courses enveloping different arena of NEP 2020.

Designed with the vision of empowering our academic system with future-ready skills, Saint Soldier PG College, School Connect Program engages students, teachers, parents and administrative on a long term basis, in term of continuous review of progress based education with reference of National Education Policy 2020.

The past record of the college provides us with the evidence of hope that the college has firmly established itself as Modern and Progressive educational institute. The certificate courses are designed to help student make their careers in today's world of cut edge competition.

TOWARDS A MORE HOLISTIC AND MULTI DISCIPLINARY EDUCATION

As per National Education Policy 2020, Education is fundamental for achieving full human potential, developing an equitable and just society, and promoting national development. Providing universal access to quality education is the key to India's continued ascent, and leadership on the global stage in terms of economic growth, social justice and equality, scientific advancement, national integration and cultural preservation. Universal high-quality education is the best way forward for developing and maximising our country's rich talents and resources for the good of the individual, the society, the country and the world.

We are providing holistic and multidisciplinary learning, through vocational subjects, professional skills and soft skills. Our aim of education is not only be cognitive development, but also building character and creating holistic and well-rounded individuals equipped with the key 21st century skills.

Ultimately, knowledge is a deep-seated treasure and education helps in its manifestation as the perfection which is already within an individual. All aspects of curriculum and pedagogy will be reoriented and revamped from college to attain these critical goals.

Yoga and Sports-integration is another cross-curricular pedagogical approach that utilizes physical activities including indigenous sports, in pedagogical practices to help in developing skills such as collaboration, self-initiative, self-direction, self-discipline, teamwork, responsibility, citizenship, etc.

We provide Sports-integrated learning in classroom transactions to help students adopt fitness as a lifelong attitude and to achieve the related life skills along with the levels of fitness as envisaged in the Fit India Movement for holistic development .

THE INFRASTRUCTURE

College has well-equipped classrooms, laboratories, library and other facilities, that provide students with a positive and conducive learning environment. This can help students stay focused, motivated and can enhance their learning outcomes.

College good infrastructure can help faculty and staff be more productive by providing them with access to modern technology, comfortable work spaces and other amenities.

1) SPACIOUS CLASSROOMS

The College provides well spacious and ventilated classrooms with comfortable sitting arrangements. Classroom has a positive environment where students feel comfortable in expressing their feelings.

2) LABORATORIES

By creating a well-equipped campus, we have secured a conducive environment for learning through laboratories with the latest equipment. We also have well-trained laboratory staff who assist our highly qualified teaching faculty.

Here, at SSCG, we understand the necessity to create an established space that encourages students' growth, development and the hunger to learn. To ensure that our students are thorough in their respective fields, we offer practical's every week, thereby balancing their theoretical intake with application-oriented instruction. This further accentuates their understanding of the subject and urges them to explore various philosophies.

2.1 Chemistry Lab

Chemistry is the branch of science that deals with the properties, composition, and structure of elements and compounds, how they can change, and the energy that is released or absorbed when they change. Chemistry is important because it helps exploring things which are unknown to mankind. Chemistry is important because it explains the future behavior of plants and animals and all of us use chemicals directly or indirectly in our daily lives. It is also important to the environment.

To provide the best knowledge to the chemistry students, our college is strongly committed. Chemistry lab is provided to them with latest equipments & well infrastructure. Lab Attendants are also well experienced to solve the problems

2.2 Botany Lab

Botany plays a critical role in many areas of life. The study of plants in health care contributes to development of new medicines and treatments for major diseases. Botany work in agriculture helps farmer's use optimum planting and cultivation techniques to improve efficiency and effectiveness when growing crops.

Botany lab is well equipped for students to perform various botany practical which are necessary for the study of the structure, properties, and biochemical processes of all forms of plant life, as well as plant classification, plant diseases, and the interactions of plants with their physical environment . The Botany Laboratory provides plant identification services, noxious weed distribution information, and biological support data to the county agricultural Commissioner's offices, the general public, CDFA programs and various other State and Federal agencies.

2.3 Maths Lab

Mathematics Laboratory is a place where students can learn and explore mathematical concepts and verify mathematical facts and theorems through a variety of activities using different techniques. In a Mathematics Laboratory, students would get hands-on experience to understand the basic concepts of mathematics and scope for new innovations. The college Maths laboratory allows and encourages the students to think, discuss with each other and the teacher so that they can assimilate the concepts in a more effective manner.

2.4 Zoology Lab

The Zoology Laboratory provides the students with a suitable environment to develop a detailed understanding of the animal kingdom by exploring the physical, morphological and physiological characteristics of animals.

The SSCG, Zoology laboratory is equipped with self illuminating student microscopes, Dissection microscopes, Microbial hood, Double distillation unit and all Collection and preservation of animal species. Dissection of vertebrate and invertebrates animals. Exploration of the general anatomy of animals from different phyla through various slide examination and observation of animal specimens.

2.5 Physics Lab

The laboratory is aimed in enabling students to learn physics theories in a more elaborative manner with the involvement of its application. The experiments carried out are mostly the ones in coherence with the curriculum.

SSCG, Physics Lab include glass beakers, test tubes, items scales, lenses, heat lamps, magnets, balls, pendulums inclined planes etc. It also include some more sophisticated equipment, such as voltmeter, electroscope, potentiometer, telescopes, microscopes, spectrosopes, electromagnets etc. The Lab is also equipped with various models different type of apparatus testing materials.

2.6 Computer Lab

Technology plays a major role in twenty-first century education. The new model of integrating technology into the curriculum means that computers are on demand throughout the school day. Computer labs are instrumental in helping students learn, work with software programs, complete assignments and interact with their instructors. We have Computer lab with latest technologies. The lab is well furnished with good infrastructure & modern facilities.

College Computer Lab offer's a space for students to explore, create, connect and build digital literacy. These technologically advanced rooms can accommodate more students by providing more computing power, online learning and more.

2.7 Geography Lab

Geography is an important subject that basically deals with the physical study of the earth and how it is related to humans. The lab is well equipped with a series of maps, topographic sheets and variety of survey equipments like tracing table, thermometers, barometer, magnetic compass, indicator and wet and dry bulb thermometers. Field trips are organised for the students to study the natural occupancy of various facts and inform about physical changes with the help of Global positioning system and Geographic information system available on Net. Geography Lab specializes in the development of qualitative and quantitative research skills in college.

2.8 Psychology lab

College psychology lab serves as a hub for student learning, research experience, skill development, collaboration and the generation of new knowledge. It provides valuable opportunities for students to explore their interests, contribute to the field, and prepare for future academic or professional pursuits in psychology. College Psychology labs foster collaboration among students and between students and faculty members. Faculty members can serve as mentors, guiding students in their research endeavors and providing valuable guidance and support.

3.) **SPLENDID LIBRARY**

College has provided a central library consisting more than 5,000 volumes of books, adequate number of journals and magazines. All the latest editions of books both for reference and text are available in this library. It also subscribes to various newspaper and periodicals for the information and update of their knowledge. College also provides the facility of Book Bank so that needy students avail the facility of reference books.

4.) **STATELY AUDITORIUM**

The college has elegant Auditorium built with fully airconditioned and ample seating capacity to accommodate all the students. The auditorium possessing a seating capacity of 300.

The auditorium is well furnished with the contemporary state-of-the-art equipment's with excellent acoustics facilities. These facilities cater to multiple uses such as meetings of students & faculty members, convocations, presentations, short term training programs, workshops, conference, expert / guest lectures, cultural activities, celebrations, functions, gatherings etc.

5.) **SPECTACULAR CONFERENCE HALL**

A conference hall in a college is typically a large gathering space that is designed to host events, meetings, seminars, and other similar functions. The primary purpose of a conference hall is to provide a venue for a range of activities such as :- Academic events, Student activities, Community outreach etc. It is fully air- conditioned with clarity visualize and system with projector. It is adeptly acoustical with a capacity of 150 students

6.) **VIBRANT CAFETERIA**

Nourishing food apart, the cafeteria is also the life of the campus where students can have many of their rewarding conversations with their friends.

Apart from creating a wholesome environment for academic excellence fuelled by food for thought, we also ensure that our students are well-nourished and indulge in a balanced diet. We have an array of eateries spread across the campus, and students will certainly find it difficult not to try the varied fare on offer. We offering fresh fruit juices, ice creams, and healthy eating bowls, there are many options students can choose from. One of the most popular hubs on campus is the Main Canteen wherein a choice of cuisines is available.

Moreover, the environment at our Cafeteria is hygienic and with good seating arrangements made for convenience. Some of our student initiatives such as the Junk Food Awareness Campaign promotes healthy eating habits and encourages students to follow well-balanced diets. On visiting our campus, we definitely recommend you to check out the eateries providing lip-smacking and healthy food.

7.) **HARMONIOUS MUSIC ROOM**

Music room of college provides a space for students to practice their musical instruments and develop their skills in a quiet and focused environment. It can also be used as a performance space for students to showcase their talents. College has widerange of musical instruments, equipment, and accessories, making it a central location for students to access these resources.

8.) **GAMES AND SPORTS COMPLEX**

"A sound mind in a sound body". Keeping this in mind, sports activities are encouraged inside the campus. Students are provided all facilities to participate actively in the sports and games. Coaching for the students in various games under the supervision of eminent coaches is being arranged. Vast play ground is provided for sports activities.

Sports Facilities have been construed to offer students the opportunity to explore their physical prowess. By exploring and developing gymnasiums and courts, we have revolutionized our campus to help students train for National and International platforms. We take pride in our wide range of facilities such as the Basketball, Football Court, Badminton, Table Tennis etc.

9.) **DYNAMIC GYMNASIUM**

The main objective of the gymnasium is to help the students develop more strength and stamina in terms of their health and other activities. College has facility of Gymnasium for students to develop their interest in sports ensuring their fitness and health.

10.) **STUDENT'S ACTIVITY ROOM**

The college has a spacious and comfortable common room for students. Providing a space for students to socialize and connect with one another: It is a place where students can gather, relax, and hang out with their friends in a casual setting. Students can enjoy Carom and Table Tennis in activity room.

FACULTY

Faculty of Saint Soldier PG College for Girls is knowledgeable, passionate, supportive, adaptable, and committed to continuous learning. They communicate effectively, are accessible and supportive, and create an inclusive and engaging learning environment that inspires and motivates their students. College teaching staff is UGC qualified and highly experienced and is the greatest asset of the college. Having experienced and qualified teaching staff is essential to providing students with a high-quality education that prepares them for success in their careers and in life.

ACADEMIC VALUES

College strives to provide its students with a rigorous and challenging academic curriculum that promotes critical thinking, intellectual curiosity and academic rigor. The college encourages students to explore and express their ideas freely, without fear of censorship or repression. College encourages students to engage with their communities, both locally and globally, through service learning, volunteer work and civic engagement. The college prepares students for their future careers by teaching them the skills and knowledge needed to succeed in their chosen fields, and instilling in them a strong work ethic and professional demeanor. College provides an inclusive learning environment that celebrates diversity and promotes the exchange of ideas among students from different backgrounds and cultures. College also promotes ethical conduct and integrity in all aspects of academic life, including research, scholarships and teaching.

STUDENT WELFARE SERVICES

- **Counseling cell**
The aim of our counseling cell is to promote the mental health and well-being of students by helping them address and manage their personal and academic issues. It provides a confidential and non-judgmental environment where students can discuss their concerns and receive guidance and support. The services offered by a counseling cell include one-on-one counseling sessions, group therapy sessions and workshops on mental health and well-being. Counselors may provide support and guidance on issues such as stress management, anxiety, depression, relationship problems, family issues and academic challenges.
- **Training & Placement Cell**
The college Training & Placement cell offer guidance and counseling to students to help them choose the right career path based on their interests, skills, and goals. The cell often organizes CV writing sessions, Interview essential session, training programs to help students develop their technical, communication and soft skills needed for the workplace.
- **Student's Placement Training & Internship Cell**
The student internship cell providing students with the practical experience they need to succeed in their careers, enhancing their knowledge and skills and helping them develop professional connections in their fields of interest.
This cell research and identify potential internship opportunities in various industries and fields of study.
- **Internal Complaint Committee**
The Internal Complaint Committee (ICC) is responsible for providing education and awareness programs on sexual harassment, gender-based violence, and related issues.
College frequently organized workshops, seminars, and other training programs for students, faculty and staff to understand their rights and take necessary steps to prevent such incidents from occurring.

- **Anti-Ragging Cell**
The College Anti-Ragging Cell work actively to prevent and address instances of ragging on campus and provide a safe and healthy environment for students to learn and grow.
The Anti-Ragging Cell of college conduct regular awareness programs for students, faculty and staff members to raise awareness about the negative effects of ragging and the consequences of indulging in such activities.
- **Student Council Cell**
The College Student Council Cell should conduct elections to select representatives who will serve as the voice of the student body. The Cell regularly communicate with the student body to understand their concerns and feedback. The representatives should act as a bridge between the student body and the college administration, conveying the concerns and feedback of the students to the relevant authorities.
The Cell provides opportunities for students to develop leadership skills, communication skills and other important skills that are essential for their personal and professional growth.
- **Alumni Cell**
The main purpose of College Alumni Cell is to provide career guidance and counseling to current students, leveraging the expertise and experience of alumni who are successful in their respective fields.
The Cell facilitates networking opportunities for alumni and current students, which can lead to collaborations, partnerships and job opportunities.
- **Information and Communication Technology (ICT) Cell**
An Information and Communication Technology (ICT) cell in a college is responsible for managing and maintaining the college's technology infrastructure, promoting the use of technology in teaching and learning, and providing technical support to students.
This cell manages and maintains the college's technology infrastructure, including hardware, software, networks, and servers. They ensure that the technology is up-to-date, secure, and functioning properly. They also monitor the performance and capacity of the college's technology infrastructure and plan for future upgrades and expansion.
- **Internal Quality Assurance Cell (IQAC) Cell**
The College IQAC cell is responsible for developing and implementing quality policies and procedures to ensure that all aspects of the college's operations meet the highest standards of quality. This cell also facilitates the development of academic programs by ensuring that they are aligned with the college's mission and vision and meet the needs of students and society.
The College IQAC Cell often seeks feedback from students through surveys, focus groups, or other means to understand their perspectives on various aspects of the college, including teaching methods, infrastructure, support services, and overall satisfaction. This feedback is valuable in identifying areas for improvement and implementing necessary changes to enhance the student experience.

- **Feedback Monitoring Committee**

This is an integral part of system at Saint Soldier PG College for Girls. Feedback about teaching and non- teaching staff, management policies, student's performance, curricula and courses, syllabi and the examination system, are some of the vital inputs which help in maintaining checks and balances and give an additional fillip to the ongoing process of improvement. Feedback at SSCG is obtained from students, faculty members, parents and other stakeholders. The feedback thus received is analyzed and the information so obtained is used for the betterment of systems and operations.

- **Website**

The college website www.saintsoldiercollege.com provides all pertinent information regarding programmes, activities and happenings on and off campus through notices and announcements. Syllabi of all courses offered by the University of Rajasthan, all rules and regulations related to examination and other relevant information too are posted on a regular basis.

- **Discipline**

Any student failing to abide by the rules and regulations of the college may attract disciplinary action against her. The offence could include insubordination, willful neglect of classes, damage to college property, truancy or any other act of indiscipline by the college authorities. The students are not allowed to carry and use mobile phones on campus, especially in the classrooms and labs. This must be strictly followed, failing which the phones may be confiscated and the holder may be penalized with a heavy fine.

- **Alumni Meet**

College conducts Alumni Meet which include various activities and programs, such as keynote speeches, panel discussions, networking sessions, cultural performances, and refreshments. The college can also showcase the achievements of the alumni and recognize their contributions to the college and society.

- **Parent Teacher Association**

Parent-Teacher Meetings (PTMs) in college are an opportunity for parents and teachers to meet and discuss a student's academic performance, behavior, and progress. The college administration maintains a record of PTMs, including attendance, minutes of the meeting, feedback from parents and teachers, and any action points or follow-up required. This information can be used to monitor student progress, identify areas for improvement and inform teaching practices.

This feedback can help students to understand their academic standing and take steps to improve their performance.

GUEST LECTURE

Guest lecture can expose students to new and innovative ideas that they may not have encountered in their coursework or textbooks. This can be motivating, as it can spark new interests and inspire students to explore new areas of study. College organizes a multitude of guest lectures, where distinguished professionals from various fields have shared their expertise, inspiring and educating the students with valuable insights and practical knowledge.

Lectures delivered by experts of renowned Universities and departments. Some of expertise are from University of Rajasthan, Jaipur - Prof.(Dr.) Chandrani Sen, Vice Principal , University Maharani College, Prof. (Dr.) Archana Srivastava, Head, Department of Dramatics , Dr. Nidhi Raisinghani, Head, Department of European Language, Dr. Jose Carlos Faculty in Spanish Language, Ex. Prof. (Dr.) Ramesh K Arora Public Administration. B.SC (PASS COURSE- BIO)

Eligibility	:	Those student who have passes 12 th under the scheme of 10+2 with minimum 48% marks in aggregate.
Duration	:	3 years
Affiliation Body	:	University of Rajasthan, Jaipur
Subjects:		

B.Sc Part I

Compulsory Subjects (Four)

1. General Hindi
2. General English
3. Environment Studies
4. Elementary Computer(Th/P)

Optional Subjects: 1. Chemistry 2. Botany 3. Zoology

Part I

Chemistry

- Paper I : Inorganic Chemistry
 Paper II : Organic Chemistry
 Paper III : Physical Chemistry

Zoology

- Paper I : Diversity of Animals
 Paper II : Cell Biology & Genetics
 Paper III : Gamete & Development Biology

Botany

- Paper I : Cell Biology, Genetics & Plant Breeding
 Paper II : Microbiology, Mycology & Plant Pathology
 Paper III : Algae, Lichens & Bryophyte
 Practical : Based on all the above papers

Part II

Chemistry

- Paper I : Inorganic Chemistry
 Paper II : Organic Chemistry
 Paper III : Physical Chemistry

Zoology

- Paper I : Structure & Functions of Invertebrate Type
 Paper II : Animal Physiology & Biochemistry
 Paper III : Immunology, Microbiology & Biotechnology

Botany

- Paper I : Molecular Biology & Biotechnology
 Paper II : Plant Physiology & Biochemistry
 Paper III : Pteridophytes, Gymnosperms & Palaeobotany
 Practical : Based on all the above papers

Part III

Chemistry

- Paper I : Inorganic Chemistry
 Paper II : Organic Chemistry
 Paper III : Physical Chemistry

Zoology

- Paper I : Structure & Functions of Chordate Type
 Paper II : Ecology, Environment Biology & Evolution
 Paper III : Applied Zoology, Ethology & Biostatistics

Botany

- Paper I : Plant Morphology & Antomy
 Paper II : Ecology & Economic Botany
 Paper III : Angiosperm- Taxonomy & Embryology
 Practical : Based on all the above papers

For update log on : www.uniraj.ac.in & www.saintsoldiercollege.com

B.SC (PASS COURSE- MATHS)

Eligibility : Those student who have passes 12th under the scheme of 10+2 with minimum 48% marks in aggregate.
Duration : 3 years
Affiliation Body : University of Rajasthan, Jaipur
Subjects:

Part I

Compulsory Subjects (Four)

1. General Hindi
2. General English

Optional Subjects: 1. Chemistry 2. Mathematics 3. Physics

Chemistry

Paper I : Inorganic Chemistry
Paper II : Organic Chemistry
Paper III : Physical Chemistry

Mathematics

Paper I : Discrete Mathematics
Paper II : Calculus
Paper III : Analytic Geometry & Optimization Theory

Physics

Paper I : Mechanics & Oscillation
Paper II : Electromagnetism
Paper III : Optics
Practical : Based on all the above papers

Part II

Chemistry

Paper I : Inorganic Chemistry
Paper II : Organic Chemistry
Paper III : Physical Chemistry

Mathematics

Paper I : Real Analysis & Matrix Space
Paper II : Differential Equations
Paper III : Numerical Analysis & Vector Calculus

Physics

Paper I : Thermodynamics & Statistical Physics
Paper II : Mathematical Physics & Special Theory of Relativity
Paper III : Electronic & Solid Space Devices
Practical : Based on all the above papers

Part III

Chemistry

Paper I : Inorganic Chemistry
Paper II : Organic Chemistry
Paper III : Physical Chemistry

Mathematics

Paper I : Algebra
Paper II : Complex Analysis
Paper III : Mechanics

Physics

Paper I : Quantum Mechanics & Spectroscopy
Paper II : Nuclear & particle Physics
Paper III : Solid State Physics
Practical : Based on all the above papers

Future Opportunities in Science

After completing a graduate degree in science, there are several specialized courses available that can help enhance one's skills and knowledge in a particular field. Some of the popular courses available after a graduate degree in science include:

- **Master of Science (M.Sc.):** M.Sc. is a postgraduate degree that provides advanced knowledge and skills in various areas of science such as Physics, Chemistry, Mathematics, Biology, and more. It is a popular choice for students who want to enhance their academic pursuits and specialize in a particular area.
- **Master of Technology (M.Tech.):** M.Tech. is a postgraduate degree that provides advanced knowledge and skills in various areas of engineering such as Computer Science, Electrical Engineering, Mechanical Engineering, and more. It is a popular choice for students who want to specialize in a particular area of engineering.
- **Master of Business Administration (MBA):** MBA is a popular course that provides specialized knowledge and skills in various areas such as management, marketing, finance, and more. It is a highly sought-after degree that can open up opportunities in top management positions in various industries.
- **Bachelor of Education (B.Ed.):** B.Ed. is an undergraduate degree that provides specialized knowledge and skills in teaching and education. It is a popular choice for science graduates who want to pursue a career in teaching.
- **Diploma Courses:** There are several diploma courses available for science graduates that provide specialized knowledge and skills in areas such as data analysis, laboratory techniques, biotechnology, and more.
- **Doctor of Philosophy (Ph.D.):** Ph.D. is a doctoral degree that provides advanced research skills and expertise in a particular area of science. It is a popular choice for students who want to pursue a career in research or academia.

- How to Deal with Problematic People
- Human Rights Awareness
- Interview Skills Development
- Personality Development
- Positive Psychology Development
- Principles and Practice of Accounting
- Self Counseling and self Healing
- Self Defense (By Nirbhaya Squad)
- The Art of Mehndi Therapy
- The Power of Mind
- Time and Stress Management
- Unfolding Tricks of Blog Creation
- Yoga and Stress Management

Vocational Skill Development Courses

DIGITAL MARKETING

Digital marketing is a growing field, and there is a high demand for professionals who are knowledgeable and skilled in this area. By taking a digital marketing course, you can acquire the necessary skills and knowledge to succeed in this field and make yourself more marketable to potential employers. Here are some popular career options:

- **Digital Marketing Manager:** A digital marketing manager is responsible for overseeing a company's digital marketing strategies and campaigns. They may work for a variety of organizations, including startups, small businesses, and large corporations.
- **Social Media Manager:** A social media manager is responsible for managing a company's social media presence, including creating content, managing social media accounts, and engaging with customers.
- **SEO Specialist:** An SEO specialist helps companies improve their website's search engine ranking through keyword research, content optimization, and link building.
- **Paid Advertising Specialist:** A paid advertising specialist creates and manages paid advertising campaigns on social media platforms like Facebook, Instagram, and LinkedIn, as well as on search engines like Google.
- **Content Marketer:** A content marketer is responsible for creating engaging content, including blog posts, videos, and info graphics, to attract and retain customers.
- **Web Analytics Specialist:** A web analytics specialist analyzes website traffic data to understand user behavior and identify areas for improvement. They may use tools like Google Analytics to track and report on website performance.
- **Content Marketing Manager:** A content marketing manager would be responsible for creating and distributing content that attracts and engages a target audience. You would be responsible for developing a content strategy, creating various types of content, and analyzing performance metrics.
- **Email Marketing Manager:** In this role, you would be responsible for managing a company's email marketing campaigns. You would create email campaigns, segment the email list, and analyze performance metrics to improve campaign effectiveness.

GRAPHIC DESIGNING

In today's digital age, visual communication is a vital component of marketing. A graphic design course teaches you how to create visual content that are engaging and eye-catching, which is essential in attracting and retaining the attention of your target audience. A graphic design course can help you develop your creative problem-solving skills, enabling you to come up with effective solutions that meet your clients' needs. Here are some of the most popular job roles in this field:

- **Graphic Designer:** In this role, you would be responsible for creating visual designs, layouts, and graphics for a wide range of projects, including websites, logos, advertisements, and product packaging.
- **Art Director:** As an art director, you would be responsible for overseeing a team of graphic designers and ensuring that the visual design elements of a project meet the client's objectives and vision.
- **User Experience (UX) Designer:** A UX designer is responsible for creating designs that provide a positive user experience, such as user interfaces for websites, apps, and software.
- **Web Designer:** In this role, you would be responsible for creating the visual design and layout of websites, including the color scheme, typography, and overall user experience.
- **Packaging Designer:** A packaging designer is responsible for designing product packaging for various industries, including food and beverage, cosmetics, and consumer goods.
- **Brand Identity Designer:** A brand identity designer creates the visual elements of a company's brand, including logos, typography, color schemes, and visual design elements.
- **Motion Graphics Designer:** In this role, you would be responsible for creating visual effects and animations for film, television, and digital media.
- **Advertising Designer:** An advertising designer is responsible for creating visual designs and layouts for print and digital advertisements.
- **Illustrator:** As an illustrator, you would create hand-drawn or digital illustrations for books, magazines, advertisements, and other media.
- **Product Designer:** In this role, you would be responsible for designing the visual elements of a product, including the packaging, branding, and user interface.

JEWELRY MAKING

A jewelry making course provides comprehensive training and practical knowledge in the art of creating jewelry. It equips individuals with skills such as designing, metalworking, stone setting, soldering, polishing, and other techniques essential for jewelry production. Developing these skills through a structured course enhances your craftsmanship and enables you to create high-quality jewelry pieces.

- **Jewelry Designer:** As a jewelry designer, you can create original designs for various types of jewelry, including necklaces, rings, bracelets, and earrings. You can work for jewelry manufacturers, design studios, or even start your own jewelry line.
- **Jewelry Production Assistant:** Many jewelry manufacturers and workshops hire production assistants to help with the creation of jewelry pieces. In this role, you may assist in assembling, soldering, setting stones, polishing, and other production tasks.
- **Jewelry Retailer:** Jewelry stores often employ individuals with knowledge of jewelry making to assist customers, provide information about different types of jewelry, and help with sales. This role requires good communication skills and an understanding of jewelry design and craftsmanship.
- **Jewelry Repair and Restoration Specialist:** You can specialize in repairing and restoring jewelry pieces, working either independently or for jewelry repair businesses. This involves skills such as soldering, stone replacement, resizing, and refurbishing damaged or worn-out jewelry.
- **Jewelry Instructor:** With your knowledge and skills in jewelry making, you can become an instructor and teach jewelry making classes at vocational schools, community centers, or private studios. This allows you to share your expertise and inspire others to learn and create their own jewelry.
- **Freelance Jewelry Artist:** If you prefer the flexibility of working independently, you can establish yourself as a freelance jewelry artist. You can design and create custom-made jewelry pieces for clients, participate in craft fairs and exhibitions, or sell your creations online through platforms like Etsy or your own website.
- **Jewelry Appraiser:** Jewelry appraisers assess the value of jewelry pieces, including gemstones, precious metals, and antique or vintage jewelry. This role requires knowledge of gemology, market trends, and appraisal techniques.
- **Jewelry Buyer or Merchandiser:** Some companies hire professionals to source and purchase jewelry pieces for their stores or online platforms. As a jewelry buyer or merchandiser, you would need to have a keen eye for trends, knowledge of the market, and negotiation skills.
- **Jewelry Photographer or Marketing Specialist:** In the age of e-commerce, there is a growing demand for professionals skilled in jewelry photography and marketing. You can work with jewelry brands or start your own business, helping clients present their jewelry pieces in an appealing way through high-quality product images and effective marketing strategies.

COMPUTER TALLY COURSE

Computer Tally Course provides individuals with enhanced accounting skills, increased employability, efficiency in financial processes, and knowledge of a widely used accounting software. It also benefits organizations by improving financial management, reducing errors, and enabling better decision-making. The course holds great importance in today's digital era, where technology-driven solutions are integral to successful accounting practices. Here are some of the jobs that you may consider:

- **Accountant:** After completing a course in computerized accounting using Tally, you can apply for a job as an accountant. Your skills in Tally and knowledge of accounting principles can be an asset in any accounting firm.
- **Tally Operator:** You can also work as a Tally Operator, where your main responsibility would be to use Tally to record financial transactions, maintain ledgers, and generate financial reports.
- **Tax Consultant:** Your knowledge of Tally and accounting principles can also be useful in a tax consulting firm. You can help clients with tax planning and filing returns.
- **Financial Analyst:** A career as a financial analyst may also interest you. Your skills in Tally can be useful in analyzing financial data and generating reports that help businesses make informed decisions.
- **Auditor:** You can also work as an auditor, where you will be responsible for reviewing financial statements and ensuring compliance with accounting standards and regulations.

ADD-ON COURSES

- **Rajasthan State Certificate of Information Technology (RSCIT)**

Saint Soldier PG College for Girls conducts RS-CIT Course for the students in order to bridge the digital divide. RS-CIT is a high quality and low cost IT literacy program which offers a novel curriculum, excellent study material and learning management in both Hindi and English Languages.

What you need to know about Early Childhood Care and Education Unit

The period from birth to eight years old is one of remarkable brain development for children and represents a crucial window of opportunity for education. UNESCO believes early childhood care and education (ECCE) that is truly inclusive is much more than just preparation for primary school. It can be the foundation for emotional well being and learning throughout life and one of the best investments a country can make as it promotes holistic development, gender equality and social cohesion. ECCE ideally consists of flexible, multi-faceted, multi-level, play-based, activity-based, and inquiry-based learning, comprising of alphabets, languages, numbers, counting, colours, shapes, indoor and outdoor play, puzzles and logical thinking, problem-solving, drawing, painting and other visual art, craft, drama and puppetry, music and movement. It also includes a focus on developing social capacities, sensitivity, good behaviour, courtesy, ethics, personal and public cleanliness, team work, and cooperation. The overall aim of ECCE will be to attain optimal outcomes in the domains of: physical and motor development, cognitive development, socio-emotional-ethical development, cultural/artistic development, and the development of communication and early language, literacy, and numeracy.

Saint Soldier PG College for girls prepared ECCE unit for giving training and guidance for Pre-primary school teachers and our student for enhancing employability. This early childhood education unit keeps track of the evolving trends in early childhood teaching sector and imparts candidates with requisite skills necessary to excel as an efficient early educator.

ALL INDIA EARLY CHILDHOOD CARE AND EDUCATION UNIT

All India Early Childhood Care and Education, an Educational Organization, started Nursery Teacher's Training Course all over India, with the help & co-operation of educational experts with a view to train unemployed educate girls, so that they may impart education, based on modern lines to pre-school children.

At present various study center are running in different states of India under the able guidance of N.C.E.R.T Educational experts. As a Non-Government Organization(NGO), AIECCE is trying to make successful the vocational training programme of social welfare Board, Govt. of India, by imparting Nursery Teacher Training to unemployed educated women.

• Nursery Teachers Training (NTT)

Nursery Teacher Training (NTT) is affiliated to All India Early Childhood Care and Education, New Delhi. In turn, AIECCE is registered with Govt. of N.C.T New Delhi under Registration No.S-43128.

The Nursery teacher Training is applicable to English/Hindi Medium, Pre-primary Private/Public Schools in India & abroad.

AIMS

The NTT method of teaching aims at the complete development of the child. Children pass through sensitive period of development early in life. Child mind between the times of birth and six years of age has a tremendous ability to learn and assimilate from the world around him.

Nursery Teachers' Training course also known as NTT is a diploma course for teachers who want to teach and cater to the students at nursery level or pre-primary level. This teacher workforce has to undergo the training of the general NTT course where the teacher joins the workforce of several other preschool teachers. The NTT course helps the students who aim to be preschool teachers in order to facilitate the young minds of nursery children. The course provides various methodologies to the teachers who undergo this NTT course which is required in teaching young students that will be essential in their physical, cognitive and social development.

The aims of Nursery Teachers Training (NTT) Programme is to prepare teachers for pre- primary schools, so that they are able to:-

- Develop an understanding of principals and processes of various aspects of child's growth and plan educational activities accordingly.
- Acquaint themselves with basic principles of early childhood care and education keeping in view the goals
- Familiarize with methods, equipments and material of early childhood care and education with their effective use.
- Be aware about role of parents and community in education of pre-school and early primary school children
- Organize, plan and implement school programme
- To develop the necessary ability and attitude to acquire not only knowledge but also the basic skills of the profession.

Why Study Diploma in Nursery Teacher Training Course?

The candidates can choose the Diploma in Nursery Teacher Training Course as because it allows them to have the following benefits

- **Employment Opportunities:** The Diploma in Nursery Teacher Training graduates is offered employment opportunities in the Pre Schools as well as the nursery classes. According to a report by the Times of India, there are over 1000 preschools in every metro city and 300-400 preschools in tier 2 and 3 cities. Thus, it highlights the employment scope for the scope for employment opportunities in India.
- **Decent Pay package:** The Diploma in Nursery Teacher Training graduate earns an average salary of INR 2-3 lakhs per annum. In top Metro cities the average salary for the NTT teacher is INR 18,800 per month. Apart from the salary they are entitled to other benefits such as DA, PF and medical facilities such as ESI.
- **Job satisfaction:** Nursery teachers deal with kids who have just stepped into the world of formal education. They play a key role in molding the character, morals and habits of children. Thus they help in the process of nation building and improve the overall job satisfaction of the individual
- **Opportunity to turn Entrepreneur:** The candidates after completion of the course have the opportunity to turn entrepreneur. Most of the aspirants will have the opportunity to undertake franchise of the different preschools in India if they satisfy their conditions.

CLUBS

The College has constituted student clubs and mandated membership of students in any two of the 15 Clubs currently active on campus. These student clubs are a forum for student interaction in a variety of focused club activities. They serve to enable students to pursue their special interest in culture and performance, current affairs, and writing by participating in the numerous events organised by the Club members both within and outside the campus.

The students are offered opportunities to enhance their skills and learn new skills through workshops which are organised by the executive members in consultation with the Club Advisor. Club members are often called to perform or become involved in some way during College events. The club lead the 'standards' work amongst students and faculty in the campus by conducting multiple potential programs and events. Innovative and Interactive programmes have been planned to motivate the students to participate in the various activities.

Creative Club

- Encouraging creativity and self-expression: Creative club provide a platform for students to express their ideas and explore their creative potential. This club help students to develop their artistic skills, express themselves through various mediums and create something unique.
- Building confidence and teamwork skills: Creative club often involve group work, which can help students develop teamwork skills and build confidence in their abilities. Working together on a creative project can also foster a sense of community and belonging among club members.
- Providing an outlet for stress relief: Engaging in creative activities can be a great way to relieve stress and improve mental health. Creative club offers students a fun and relaxing way to unwind from academic pressures.
- Offering opportunities for learning and growth: Creative club provides students with the opportunity to learn new skills and techniques in their areas of interest. Students also learn from their peers and develop their critical thinking and problem-solving skills through creative challenges.
- Fostering a sense of appreciation for the arts: Creative club help students develop a deeper appreciation for the arts and encourage them to engage in creative activities beyond the club. This inspire a lifelong passion for creativity and artistry.

Commerce Club

Eligibility for Admission

Those students who have passed class 12th or intermediate under the scheme(10 + 2) with minimum of 48% marks in aggregate are eligible for the admission in B.Com/B.A/B.Sc (Part I).

The application form for admission must be enclosed with the original/self attested photocopies of the following documents:-

1. Original Mark Sheet of the Qualifying examination.
2. Photocopy of the Mark Sheet of secondary examination.
3. Transfer Certificate (TC) from the institution last attended & Migration Certificate only for CBSE & other board students.
4. Two colored passport size photographs.
5. Photocopy of Aadhar Card.
6. Initial admission will be provisional subject to the submission of original documents.

Attendance :-

Regular attendance of the student is appreciated. The institute would insist on 75% attendance in aggregate in a year as per University of Rajasthan norms.

Disciplinary Action:-

In order to maintain the academic standard and reputation of the institution students would be expected to adhere strictly to discipline of the college and the rules laid down from time to time in this regard.

Examination Schedule:-

During the session, college conducts one pre- university exam.

Do's & Dont's:-

1. Always carry ID-Card with you
2. Read the notice board daily
3. Do not use cell phone in the class room
4. Ragging is strictly prohibited. Disciplinary action will be taken against those found guilty.

Dress Code

College has a compulsory dress code for Faculty and Students, it is important to familiarize you with the specific guidelines and requirements set forth by the institution. These guidelines may specify the types of clothing allowed, such as formal attire, uniforms, or specific dress styles. They may also outline any restrictions or prohibitions regarding certain clothing items, such as short skirts, revealing clothing, or offensive graphics.

Medical Assistance

The availability of medical assistance in college helps ensure that students can maintain good health, receive timely care, and monitor their health-related concerns effectively. It contributes to creating a supportive and conducive environment for academic success and personal development during the college years.

College can be a challenging time for mental health, and college offer counseling services. These services provide support for a range of mental health concerns, including stress, anxiety, depression, and adjustment issues. They may offer individual counseling, group therapy, crisis intervention, and referrals to specialized mental health professionals.

Mentor (Guardian)-Student System

This is an innovative feature of the college wherein each student is assigned a faculty member as a Mentor on campus who assists the student to maximize their learning experience and provides support for their academic progress as well as overall development, in consultation with the subject teacher. The system thus benefit the student by offer guidance, connections, motivation, and a sense of belonging, contributing to students' success and overall well-being.

Co- Curricular Activities:-

- Yoga & Self Defense Course** – The importance of self defense is to be able to defend oneself from any and all kinds of attack, one must be physically fit to do so. Physical strength is something that comes naturally with such training. College has conducted various activities under this course such as Interactive session with Additional DCP Mrs Suneeta Meena on “How self defense and Meditation can help girls in their overall development and safety”, 10days Self-defense Workshop by Nirbhaya Squad(Women Police Jaipur), Fitness Workshop, National Unity day and many more.
- Guest Lecture-** In guest lecture, students get new perspectives and opinions that are often missed in a regular class. A guest lecture gives students a better opportunity to learn about an explicit topic in a way that encourages participation in the class and actively join in a more convenient way of teaching. College has organized many Guest Lectures for different motivational topics by Experts of renowned Departments and Universities like Self Awareness and Leadership Skills for Girls, Women Empowerment and many more.
- School Connect Program-** A platform, and an effective bridge between the School and College ecosystem. The School Connect Program works closely with schools to giving new opportunities and vast knowledge resources. It enhances technical skills and knowledge with an effective communication channel between both eco systems. College covers both CBSE and RBSE schools for this mission and also introduced All India Early Childhood Care and Education, an Educational Organization, started Nursery Teacher's Training with a view to train unemployed educate girls, particularly the girls of SC,ST, OBC classes, so that they may impart education , based on modern lines to pre-school children.
- Educational Tour& Excursion-** Educational Tours provide students with a sense of excitement and adventure, which can lead to increased motivation and engagement in learning. In connection to this College has organized various Educational Tours of Pushkar, Biological Park, Jalmahal and many more.
- Cultural activities-** The cultural activities enhance the confidence level for students, which allow students to perform better. Activities will develop the personality for students and assist the students for good career. College conducts Dandiya Mahotsava, Gliterz -Fresher's Party, Farewell Party to the students.
- Musical Carnival-** Carnivals help to create a sense of excitement and fun in the community, and they help to inspire students to work hard and have fun. College has organized Musical Carnivals with Band “Vaskco” in addition to this variety of games, activities, and attractions for the students. Students enjoys with full enthusiastically.

- I definitely would recommend Saint Soldier PG College for Girls and would encourage students to study hard and inform themselves as much as possible about the several academic opportunities the Institution offers. Our college takes the educational mission to heart, here you will find people that will support you and guide you on the path to your degree.
- Saint Soldier PG College for Girls has excellent- best faculty, awesome studies and many opportunities. I am happy because I feel that I am at the right place where I can build a bright future.
- The courses, expert lecturers, the infrastructure, the life skill classes and other activities increase my knowledge in technical manner. My sincere appreciation to the faculty members for their encouragement and support.
- At Saint Soldier PG College for Girls, I have had countless opportunities to build analytical skills which is said to be important in corporate world. Big thanks to all my faculty members and friends for this amazing journey in SSCG. I am fortunate to be a part of it.
- I'm so thankful that I chose Saint Soldier PG College for Girls I cherish the moments spent under the guidance of eminent faculty members and my dear friends. I love the curriculum, world- class infrastructure, environment and other facilities that make you ready for the professional world.
- It was my immense luck and fortune to be the part of Saint Soldier PG College for Girls where I can grow. The entire faculty and department leaves no stone unturned to shape one's future. My three years at SSCG have been a wonderful experience of learning with prolific exposure to outside.
- My life at Saint Soldier PG College for Girls made me stronger and took me a step ahead for being an independent women. I am thankful to all the teachers who supported us and corrected us throughout our bachelors. I loved the infrastructure of Saint Soldier PG College and its International life. The events that I took part helped me to grow my confidence level. I would like to specially thank the placement cell for guiding me and providing me a good platform for my career.
- My experience at Saint Soldier PG College for Girls is great and memorable. The faculties at Saint Soldier PG College for Girls helped us enhance my academic and interpersonal skills. I am thankful to Training & Placement cell for providing a platform to enhance my skills and an opportunity to showcase them.
- I always wanted to be a successful person. But the road to success is a rocky one. You need solid guidance and support to reach there. Saint Soldier PG College for Girls has been super supportive and incredibly instrumental in shaping my career. Thank you Saint Soldier PG College for Girls.
- It is my pleasure to spend these wonderful three years at Saint Soldier PG College for Girls. College life is an important phase in a student's journey. I had been extremely fortunate to spend these three years in College with best teaches who are caring and loving. They focus on our development and encourage our ideas which builds up confidence in us. I would always be grateful for giving me a multidimensional learning and enhancing my overall extracurricular activities.
